

SUSTAINABILITY

OUR PURPOSE:

Fostering **positive change**

“Sustainability is at the heart of everything we do, it’s not a secondary consideration, it is built into the fabric of our objectives, the culture, and the actions of our community”

-Isabela Alcázar, Chief Purpose and Sustainability Officer

SUSTAINABILITY-RELATED CAREERS

Growth in demand for green skills
is outpacing the increase in supply

Between 2022 and 2023

+12.3%

Share of green talent
in the workforce

+22.4%

Share of job postings requiring
at least one green skill

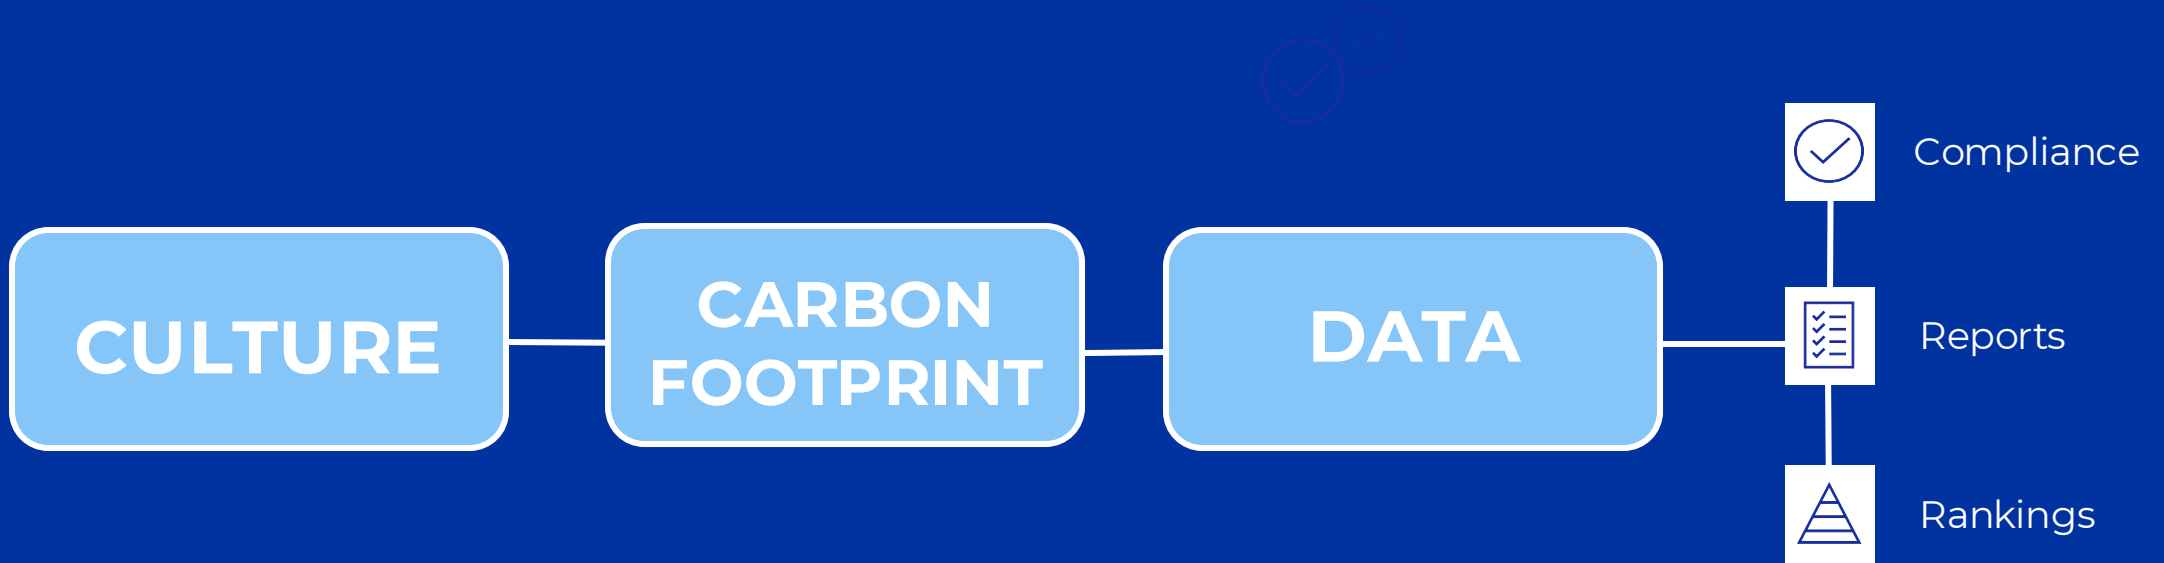

HOW

AS AN EDUCATIONAL INSTITUTION

- **Sustainability Across the Curriculum**
- **Degree Programs, Labs and Certificates**
- **Workshops, Internships and Projects**
- **Research Centers**

WE WORK WITH:

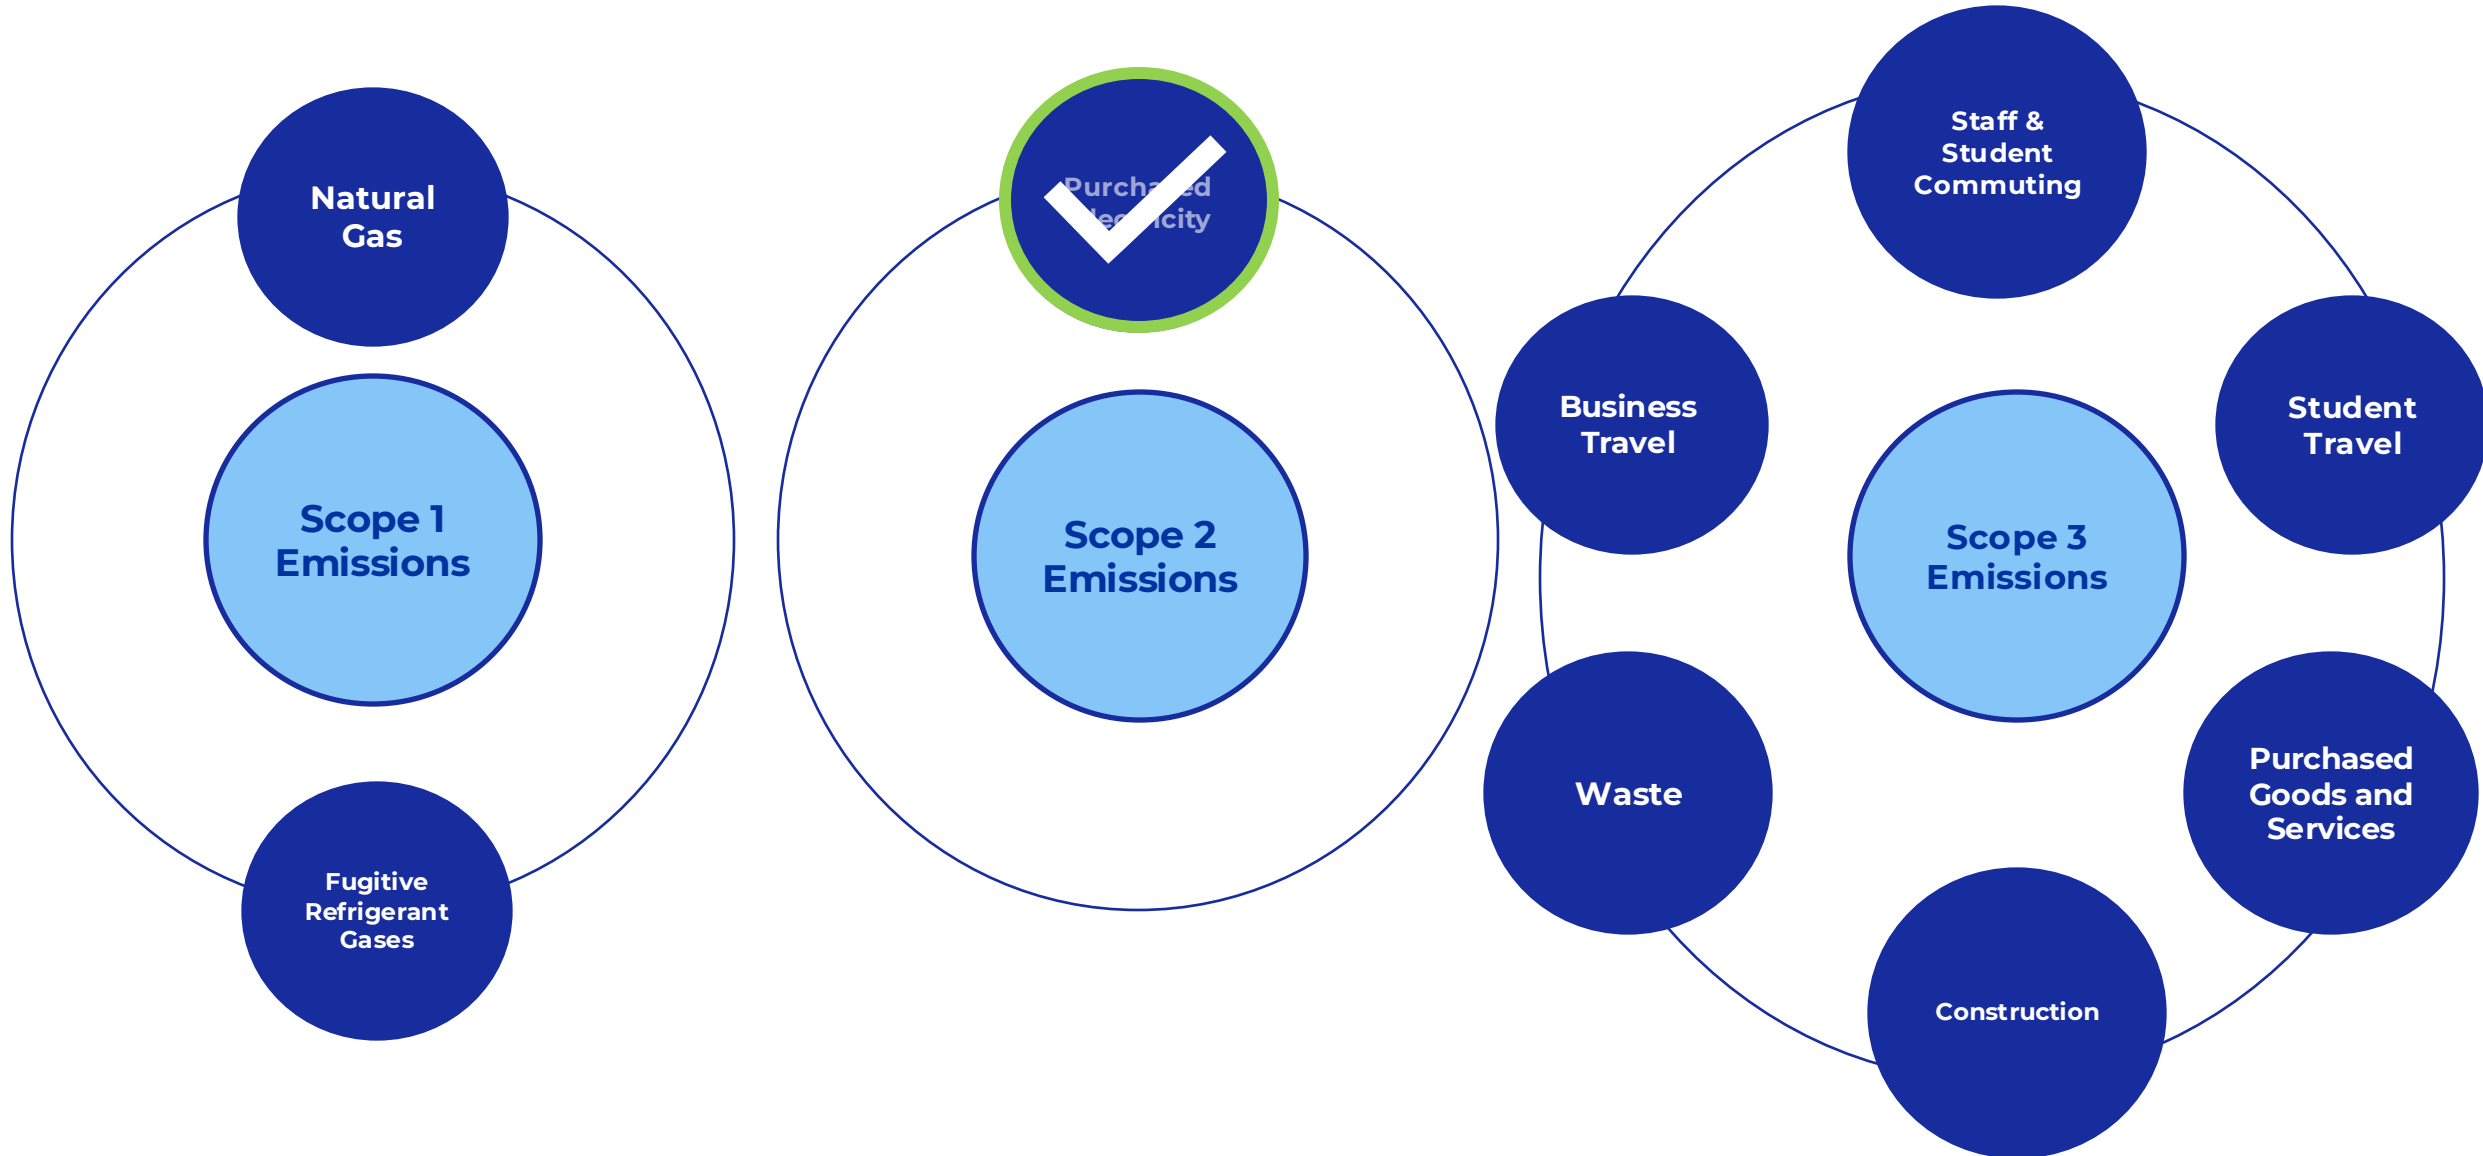

IE 10 YEAR CHALLENGE: *STAIRWAY TO SUSTAINABILITY*

10 Years, 10 challenges...

What goes into IE's Carbon Footprint?

IE is one of the first universities in Europe to be CARBON NEUTRAL

All emissions that couldn't be reduced, are neutralized

Reforestation in Spain (forest fires,
soil use, etc)

Conservation of the Amazon biome

Impact activities

Inside the class:

More than 65,000 pro bono hours invested in social impact and sustainability activities

41.3% increase vs 2020-2021

Outside the class:

500+ student-led sustainability events

Sustainability Townhall
